IDS Earns HW Tech100 Honor For Sixth Year

SALT LAKE CITY, March 5, 2020 — Mortgage document preparation vendor International Document Services, Inc. (IDS), announced it has been named to the 2020 HW Tech100™ Mortgage list published by mortgage industry trade magazine *HousingWire*. 2020 marks IDS' sixth overall appearance on the list.

"At IDS, we strive to offer our clients reality-based solutions to the ever-changing demands of the mortgage industry," said IDS Vice President and General Manager Mark Mackey. "IDS is honored to consistently be recognized by *HousingWire* as a tech leader in the housing economy, and I would like to thank our team for making that possible."

The HW Tech100 program highlights tech innovation that captures the entire U.S. housing economy, spanning real estate to mortgage lending, servicing, and investments. *HousingWire* editors noted IDS' 2019 quarterly doc increase, including a 30% increase in the third quarter over the same period in 2018. Additionally, IDS expanded its services by integrating with Questsoft, allowing Questsoft customers to directly order 4506-T income verifications to be eSigned through idsDoc.

"This year's Tech100 winners blew past innovation, moving beyond innovation to transformation," *HousingWire* Associate Magazine Editor Kelsey Ramírez said. "In both the real estate and mortgage sectors, fintech companies continue to create new ways to approach the housing process, improving efficiencies, cutting costs and creating a new experience for all parties involved."
